Contract No. N62474-94-D-7609, Contract Task Order No. 0007

Dear Mr. Song:

PRC Environmental Management, Inc. (PRC), has discovered a figure error in the Draft Site IR-1/21 Engineering Evaluation and Cost Analysis (EE/CA) report submitted to you on March 13, 1996. Figure 7 should show the estimated containment wall location, and is actually a duplicate of Figure 8. PRC has enclosed an addendum to the draft report to correct the error. The addendum includes a replacement figure for the incorrect Figure 7 in your document, as well as a new table of contents listing for the figures within the document. These corrections will be incorporated in the draft final version of the report to be submitted in the future. PRC apologizes for any inconvenience this may have caused.

If you have any questions, please contact Mr. Patrick Wooliever or myself at (415) 543-4880.

Sincerely,

James Sickles
